SUMMARY

BSc IT Undergraduate at SIBA Campus with 3+ years of experience in full-stack development. Proficient in Laravel, Angular, and MongoDB, with hands-on experience in networking, AI image processing, AWS web services, QA, UI/UX design, and IoT product development. Passionate about building scalable and innovative software solutions.

Demonstrated strong leadership skills through university software projects, successfully guiding teams and managing end-to-end product development. Capable of transforming ideas into high-quality, next-level digital products with confidence and strategic thinking.

EDUCATION

BSc. Information Technology(Undergraduate)

SIBA Campus (Sri Lanka International Buddhist Academy) Palkelele, Kundasale, Kandy, Sri Lanka

- I currently maintain a GPA of 3.71 and have achieved First Class standing.
- Final Semester Student

G.C.E. Advanced Level - Bio Stream

Biology - S | Chemistry - C | Physics - S | General English - C

2021

G.C.E. Ordinary Level

Science - A | Maths - B | ICT - A | English - C
A6, B1, C2

2017

PROJECTS

Finance Tracker (Money Management System)

- Built a full-stack personal finance management web app using PHP, JavaScript, and MongoDB with automated budget allocation, analytics, and PDF reporting.

QR-Based Attendance System

- Laravel & MySQL project enabling lecturers to generate QR codes for real-time student attendance with role-based access and profile management.

Pixel Jumper – 2D Web Game

- Built a browser-based 2D game with HTML, CSS, and JavaScript, featuring obstacle-jumping gameplay and deployed on GitHub Pages.

Inventory Management System

- Developed a desktop-based Inventory Management System using Java Swing and MySQL with login and registration features, implementing user authentication and inventory tracking.

Smart Trash Bin – IoT Project

- Built an IoT trash bin that detects and indicates dry and wet waste for efficient waste segregation.

AI IT knowledge ChatBot

- Developed a AI chatbot focused on IT basic knowledge using Kaggle datasets and Hugging Face technologies

CORE COMPETENCIES

Laravel, Angular	HTML, CSS	IoT, Smart Devices
MongoDB, MySQL	Networking	Java, OOP Concepts
UI/UX, Figma	QA, Selenium	AI, ML
JavaScript	Git, GitHub	

SOFT SKILLS

- Leadership
 - Problem Solving
 - Time Management
 - Communication
 - Team Work
-

CERTIFICATES

- Cisco IT Essentials Certification
 - IoT and Makerspace Program – American Corner Kandy
 - Certificate Course in English for School Leavers – Uva Wellassa University
 - English Training Diploma Course – LREI
 - Tamil Basic Course – LREL
 - Certificate Course in Korean – LREI
 - Certificate in ICT Skills – IDM Nations Campus
 - Best Videographer Recognition - ZeroPlastic Community
 - Hero volunteer and Super Hero volunteer - ZeroPlastic Community
 - Best Performance by an Actor - SIBA Campus English Day Competition
-

ORGANIZATIONS

ZeroPlastic Movement - SIBA Campus

- Member and Acting President (2023 - 2024)
 - President (2024 - 2025)
-
